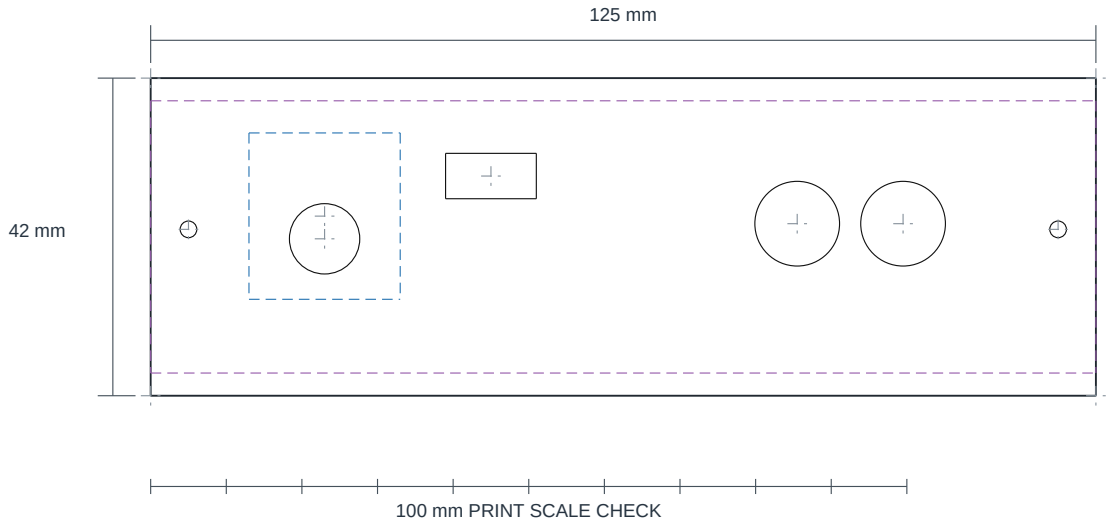
ESP-DubSiren V2 | REAR

Prototype machining / geometry reference - scale 1:1, dimensions mm

Print at 100% / Actual size. Disable Fit / Shrink. Verify the 100 mm scale.



PURPLE: removable 125 x 36 x 1.5 mm aluminium rear panel (Z=3..39).

BLACK: through cut. BLUE DASH: pocket/spotface/counterbore.

GREY: internal PCB/module mounting reference; do not drill through the lid.

Rear view: outside looking into enclosure, Z upward.

DXF is in mm; top/base DXF Y is negative. Refer to MECHANICAL-V2.md for depths.

Generated from assembly-v2.FCStd native machining tools; no separate coordinate table.
